May 6, 2020

Dear Just For Kids Community,

I know that all of you have been patiently awaiting news on our 2020 Summer Program. We have been hard at work since schools closed so that we could be prepared to reopen quickly and safely. Having said that, in order to reopen, we have had to make some changes to our regular programming. For new and returning families the biggest changes are:

- **Registration for the summer will remain closed.** We are unable to open registration to any new and returning families. In order to adhere to current guidelines for safely reopening our facilities, we need to limit enrollment to operate below our building capacity at each JFK site.
- Families who were enrolled in our spring 2020 JFK programs had access to registration between April 1st and April 14th. We are only able to move forward with that limited enrollment.
- Priority registration for the 20-21 school year is still to be determined. We typically open registration to families currently enrolled in our summer program on July 1st and then to new and returning families on July 15th. I recognize that due to the restrictions on enrollment this year, many families have limited access to priority registration. I will continue to keep families updated on how I plan to resolve this for the fall semester as the summer continues.

I understand that for many of you, this was not the news you were hoping to receive. If you have questions or concerns please feel free to reach out to me. Please continue to check your email and our website for information regarding the 20-21 school year as the summer progresses. Until then, I wish you a safe and healthy summer!

Alison
